You scouts who are able to be present at this historic occasion of the First All India Jamboree have an important job to do. I want each one of you to resolve that during the few days that you are in the camp here you will make friends with a few Scouts from other parts of Indi. Get to know them and, later on, keep up your friendship by letters. In this way you can spread throughout the land the spirit of Brotherhood and Goodwill that makes for a united and patriotic manhood for the Nation.

MESSAGE

It gives me immense pleasure to learn that the National Jamboree of Bharat Scouts & Guides is going to be held from 4th to 9th January, 1998 for first time in Orissa. This is no doubt a glorious and glamorous event where 25 to 30 thousand Scouts, Guides, Rovers, Rangers and Scoutmasters, etc. are participating from about 4 Guest countries of Southern Asia.

This Jamboree will provide a forum for exchange of ideas, views and creating avenue to learn each other. India the epitome of all cultures, upholds the idea of universal brotherhood and mutual understanding. The Scouts being disciplined soldiers are ideal future citizens of their countries, who can harmonise their individual goals with social objectives.

The Souvenir going to be published on the occasion will no doubt, be a modest attempt to amalgamate the rich cultural heritage of India.

MESSAGE

It is a very happy occasion that the 13th National Jamboree is being held at Khurda, near Bhubaneswar (Orissa) from January 4 to January 11, 1998. Orissa is a land of temples where people from all the corners of India and abroad come to have a glimpse of Jagannath, Puri, Konark and other temples most of which are about 2000 years old. The scenic beauty of nature is unique in this part of the country. Therefore, Jamboree at such a site assumes special significance. This National Jamboree synchronises with the third SAARC Jamboree which is being held for the first time in this country after Sri Lanka and Pakistan. It is also the last Jamboree of this millennium and it is being held during Golden Jubilee Celebration year of Independence. It is hoped that all the Scouts/Guides from India and abroad will interact and make friendships with each other. They are likely to enjoy and benefit from various innovative, joyful and adventurous activities being introduced in this Jamboree for the first time. I am sure, the Jamboree will contribute immensely to national integration and international understanding.

I have no doubt that the Jamboree will be a grand success with the theme of 'Marching Together.' I congratulate the organizers for the elaborate arrangements made by them and are specially grateful to the Hon'ble Chief Minister and Sh. K. Biswal, Dy. Chief Minister of Orissa for the patronage and support to the Jamboree. I extend a hearty welcome to all the Scouters, Guiders, Scouts and Guides from all part of the country and around, who will be coming in large numbers to take part in the Jamboree.

Best of Scouting/Guiding to one and all.

(L. M. JAIN)

MESSAGE

The 3rd SAARC and 13th National Scout Jamboree marks a good start for the Bharat Scouts & Guides in the year 1998. This gathering of more than 30,000 Scouts and Guides from India and SAARC countries paves way to strengthen the bond of friendship and brotherhood in this part of the region. For the participants, it served as period of recollection of Scouting experiences in the past year and with what they have learned, bring about better Scouting for the New year.

This Jamboree will be a fun filled experience for the Scouts and Guides, more so, it would be a time for enriching social values. With all the individual transformation that man's goes through, as the turn of the century gets near, the need to culture the foundation of moral values, particularly with the young people grows fervent. The Scout Leaders must concern themselves with the duty of encouraging their Scouts to develop good habits, specific to their age and personality, so that they could attain fullness of human development towards adulthood. In this way, we could visualise what future holds for Scouting and for the nation itself.

My Congratulations to the host, Bharat Scouts & Guides and to all the participating countries.

Best Wishes for the New Year 1998.

KIM KYU YOUNG

Regional Director, WSB, APR

leaders, or enlightened people. For remember.

MESSAGE

I am immensely pleased to learn that the 13th National Jamboree is being held from 4th to 9th January, 1998 in our state. The Jamboree is synchronising with the 3rd SAARC Jamboree which is going to be held for the 1st time in India. Scouts and Guides have a world wide significance for its spirit of service to the humanity. It inculcates a deep sense of dedication to the downtrodden and distressed individuals in human society coupled with a strong sense of discipline and goes a long way in building up a well-organised and devoted band of social workers in the society. In the present day context, Scouts and Guides movement has a relevant role to play to bring down the miseries of mankind.

While welcoming the participants from the SAARC countries and the guest countries to this august meet. I convey my best complement to the organisers for the resplendant and colourful success of the Jamboree.

MESSAGE

A Jamboree takes place at the end of four long years and as such, many of us may not be lucky enough to attend the next one. It is 'therefore' of prime importance that we make the best use of the present one and that applies to every one of us Scouts and Guides, Unit Leaders, Commissioners and all other participants. How to do that depends on us. Let boys and girls of one state interact with those coming from other states and thereby make new friends. Let adults have free exchange of ideas among themselves and discover new ways to solve problems. Let Commissioners mix with grassroot level leaders and know their problems at first hand. Friends of our neighboring SAARC countries are here. Let us all try to make their stay here a truly memorable one by our friendship and love for them. This way we can make the last Jamboree of the present millennium as the most memorable one in recent history!

WORLD CLASS IN ALUMINIUM

Report of 3rd SAARC and 13th National Jamboree

We are meeting again after four years. The XII National Jamboree was held at Palghat (Kerala) in the first week of January 1994.

The Bharat Scouts and Guides have already organised twelve Jamborees right from the year 1953. This is the thirteenth Jamboree being held at Khurda (Orissa) from January 4th to 9th, 1998. This is going to be a unique event for more than 25000 participants participating in this Jamboree. Secondly more than thirty activities have been organised for the participants which is also unprecedented. Thirdly, it is the last Jamboree of the century and is being held during the golden Jubilee Celebration of India's Independence. Fourthly, collective friendship has been emphasised in this Jamboree in pursuance of the theme. "Marching Together". And last but not the least, the thirteenth national Jamboree is synchronising with the 3rd SAARC Jamboree which is being held in India for the first time after Sri Lanka and Pakistan.

The time of this Jamboree assumes all the more importance. The eventful 20th Century is bidding adieu and we are standing on the threshold of a new era. The 21st century is to dawn shortly. We will be entering the challenging

third millennium. It is also the time for self introspection. What have we given to the society, especially the BSG Movement? 20th century has witnessed the birth of Scouting and Guiding Movement. No doubt, we are proud of the glorious record of nine decades. Starting with the B.P.'s camp of a score of boys at the Brownsea Island in 1907 the Movement has grown to the largest uniformed voluntary & social service organisation covering over 200 countries (with formal National Association in 154 countries). But the Scout never stops. He always marches on and on to attain new heights.

We are passing through a period of transition. The 21st century is coming with its demands, priorities, challenges and new thrust areas are to be determined and we have to strive hard to stand and achieve excellence. We have to contemplate and find out ways and means to boost the Movement qualitatively as well as to be inspired to join our fraternity and shoulder for organisational responsibilities. They have to act as the agents of social change. This calls for pragmatic idealism. The movement must widen its boundaries so as to involve more of youths in the rural as well as the urban areas.

MOTTO OF THE JAMBOREE

It is for the first time that a National Jamboree is taking place in Orissa-the land of natural beauty, faith and culture.

Barunei-historically a battlefield, is now the Jamboree Avenue. It symbolises the Spirit of Freedom. The Motto of this Jamboree, which is taking place in the 50th Year of Independence of India, is Marching together Let us join together to enrich the Scouts & Guides Movement by our vision and efforts. Abide by the call of time stop not move on and on with a new zeal to new heights. We wish you all a happy new year-1998.

There is a hymn in the Rigveda, which speaks of the collectivity of working together. It is a prayer, an appeal as well as an advice to the people. It calls upon the people to work together, think together and act together. Jointly we march towards our goal. Marching together is the call of the time. The closing years of the century have witnessed crisis and fall in social values. The mutual faith is dwindling. The very basis of togetherness is being eroded. The selfish, unfair means, petty gains and unholy alliances have placed a big question mark on the future. But the history bears the testimony that such forces do crop up during the transition period and are just a passing phase, will soon die out. The society has an inherited strength to reform itself. The Twenty first century will see a better social atmosphere for the perfection of human personality.

The motto of the Jamboree is 'Marching Together' suggest discipline from within and not without. It is not an imposition, not an compulsion

but the inner urge, a call of the spirit. One should not exploit others and progress at the cost of others. He has to keep others with him in moving forward. Jointly we work, and jointly we work, jointly we serve that is the message of the great event.

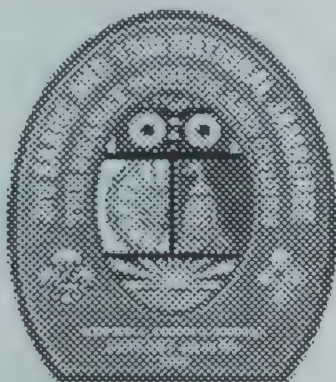

BARUNEI JAMBOREE VENUE

Gada Khurda enriched with unique historical importance, was once the military nervecentre against the British Rule. The first military resistance against the colonial regime, called as "Paika Bidroh" (Rebellion of the Paikas,) well-trained in Martial Art" under the valiant leadership of Buxi Jagabandhu in 1817 was kicked off from Khurda. With it's century old history of struggle and resistance Khurda was the last fort of the King (Gajapati as he was named) that had contributed immensely for the freedom of Orissa, to end the subjugation and exploitation of the imperialistic forces. Barunei, near Khurda had the Gajapati's place. In the year 1661 the Moghuls camped at the foothills of Barunei (the persent Jamboree site) and defeated the King Mukundadev the first and conquered the Khurda Fort. On the hillock the famour temple of Goddess Barunei is situated. The last freedom fort, Khurda was captured by the British in the year 1804. A separate district under the state administration, Khurda presents manifold exposure in the field of agriculture, industry, commerce and artistic efforts.

THE LOGO

Every Jamboree has its own speciality. For each jamboree a logo is designed, showing the culture of the region where the jamboree is held. XII National Jamboree at Palghat, Kerala, had a 'Shankh' in its logo, whereas the logo of the first jamboree, (which was held in Hyderabad) depicted 'Charminar'.

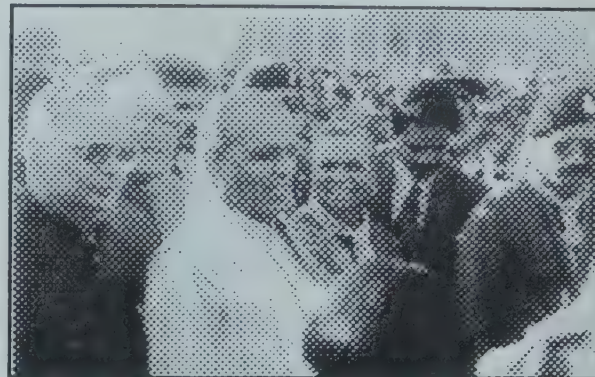

In the logo of the present jamboree, the top part depicts the eyes of the Lord Jagannath, with the 'tilak' at the forehead. Towards the left is the famous Wheel, of the Sun Temple at Konark. The Sun Temple is in the form of a chariot with wheels. The top of the Jagannath Temple at Puri, with the flag is shown at the right. The bottom of the logo shows the sun rising from the waters of the Bay of Bengal. The sun is seen radiating light and energy. In the same way we can spread happiness and knowledge to the world through Scouting and Guiding. The moving waters of the sea symbolise the dynamic nature of the Scout-Guide Movement .

At the left of the oval is the scout emblem of the seven SAARC (South-Asian Association for Regional Co-operation) countries. Towards the right is the Bharat Scouts and Guides emblem.

The 13th National Jamboree and 3rd SAARC Jamboree Programme provided ample opportunities in the field of adventure Scouting/

Guiding. The overall adventure programme in the Jamboree was classified into three

branches viz. THE CHALLENGE VALLEY, FUN GAMES AND OFF-SITE ACTIVITIES. The Challenge Valley projects coordinated by Sri. L.N. Suthar and the team from National Adventure Institute. While encountering with these Adventure bases the Scouts & Guides came across bases like FIRE DITCH, Where young boys and girls have to cross a ditch which is on fire. THE PAGEANT SHOW

Pageant show is a special feature of every jamboree. It is a wonderful event, which

manifests the imagination and creative talents as well as skills of the participants. Thousands of children celebrated the Golden Jubilee of Indian Independence in a novel way.

One could see the heart-touching scenes of the freedom struggle-heros of the movement, atrocities of the British, Resurgent India, It's festivals and social customs, folk dances etc. On the whole it could be described in one word 'Grand'. It is gratifying to see the young generation paying tribute to the past as well as marching towards the bright future. No nation can march forward if it forgets the past. Those who forget the past have no future. But all that is old is not gold. It may be redundant and irrelevant. One must know how to utilise its past for planning a future. The children are drawing inspiration from the torch bearers of the past. It was really thrilling to see some of the freedom fighters who are still active in Scouting and Guiding, accompanying t h e

contingent. This living history is a valuable asset for us. What a sight it was to see three generations jointly moving forward, representing the past, present and future.

It is really heartening to see Scouts and Guides engaged in Community Development Activities. Children donating blood to save lives of others, serving the lepers, teaching the illiterate grown ups propagating against the social evils, etc. These young agents of the social change have moved the hearts of the adult spectators also.

A GRAND SPECTACLE OF INDIAN CULTURE & FREEDOM STRUGGLE MESMERISES THE AUDIENCE

Overseas and Indian contingents presented a grand show of the culture, life-style and social customs of their regions. The three hour presentation kept the spectators spell

bound. There was thunderous applauding in the packed arena. Sh A.N. Pradhan, Minister for Urban Development was the Chief Guest. The distinguished guests included Sh K.K. Gokhale. D.R.M., S.E.Rly, Sh. J. Mitra Chairman, Khurda NAC, Dr. G.P. Singh, Chairman, Jatni NAC, Sh. Jethbhai Chaudhary, Vice-President, BSG, Sh. L.M. Jain, NC, Dr. S. Kumar, Director Sh. K.P. Mishra, SCC. Orissa.

Rajasthani Colour Party heralded the beginning. Contingent from Bangladesh depict 'Mukti Yudh' and social life led the show followed by Nepal, with their charming dance and Sultanate of Oman with fire and sword display. Then Srilanka contingent presented a tableau on their religious and cultural aspects.

Indian contingent had depicted scenes from the freedom struggle, valiant revolutionaries, scientific and technological

development in free India as well as Scout activities. Dances added more charm to this pageant. Who can forget 'Cellular Jail Model' and tribals from Andaman and Nicobar. Andhra Pradesh exposed religious tolerance and the cultural heritage. Arunachal's folk dance, Bihar's depiction of freedom struggle, specially 'Babu Kanwar Singh' & Shaheed Smarak Tableau was fine. C. Rly. presented Scout-Guide activities. Chandigarh showed the respect for all religions. Delhi gave phased account of freedom struggle and progress in new India. E. Rly had shown Khudiram & Subhash Bose, INA etc. They also presented Saurav Ganguly and Leander Paes. Goa's carnival, Haryana's message from Kurukshetra. J & K's tableau of Nehru and Sheikh Abdullah, Karnataka's Devi-Pujan dance. KVS' Vande Matram, Kerala's elephants, festivals & dances, M.P.'s Rani Laxmibai, Maharashtra's Dindi & Lazium were well appreciated by audience. Scouts & Guides from Manipur, in their uniforms were dancing slowly. Meghalaya's colourful dress, Mizoram presentation of gradual social changes were imaginative. Leader of

Nagaland's troupe was impressive other participants were carrying feathers in their hands, NVS joined the pageant show and there presentation was simple. N. Rly scene of

Bahadur shah was heart-touching. N.E. Rly's showed the Kakori scene. Orissa's Rath Yatra was most appreciated. Punjab's Panj Pyare, Rajasthan Gangaur, Sikkim's exposition was cheered. Southern, South Eastern, South Central Railway revived the memories of the freedom struggle. TamilNadu contingent presented Indira. U.P. showed the changing conditions and position of women in India. West Bengal's 'Neel Vidroh' & the Independence day were fine expositions. Western Rly. contingent was the last.

SKILL-O-RAMA

Many State Contingents took part in the Skill-O-Rama event. Scouts and Guides from different states put up their handicraft centres. These handicrafts are being made on the spot out of cane, cotton, paint and brush, clay and different materials available locally in various region. The notable feature of the event was embossed tin painting by the Maharashtra Guides. Nagashwl-weaving, flower seed decoration. Sport goods were being made on the spot by punjab Scouts and Guides, Woolen garment weaving was a prominent attraction. Delhi State made various handicrafts out of waste products. Toys, cap, mats, thermocal-designing portray the skill of Scouts and Guides from different states of India.

SONG FESTIVAL

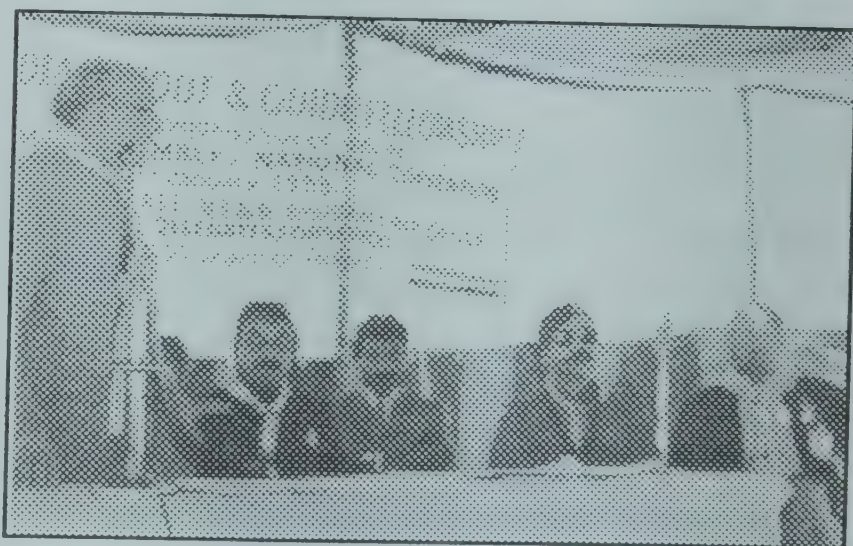

All the state and guest contingent presented their regional folk and patriotic songs in the Song Festival on the main stage. The songs of Assam and West Bengal made the audience thump their feet with their

tantalizing Rhythm. The programme continued up to late night.

EXHIBITION

The pictorial glimpse of Indian handicrafts, culture, tradition, food-habits was in the form of a gala exhibition. Different states had put up there local handicrafts, food-habits, cultural, details, tourism preview, economical exhibits etc. in the exhibition arena. The versatility of Indian culture was vividly being depicted in the Jamboree Exhibition through live folk dance, marriage party display, folk songs and other cultural demonstration. Local food were distributed to the visitors.

National Convention of ISGF

Holding of a national convention of Indian Scouts & Guides fellowship in this Jamboree is a welcome sign. Whereever, the experience of senior citizens is utilised to activities the Scouting and Guiding Movement it is good for both the generations. This organisation which was started in fifties at the international level touched India after some years. It passed through various phases. After the Dheradoon conference (1993) the Organisation is gradually gaining momentum. Its name has been changed from the Indian Fellowship of

Former Scouts and Guides (IFOFASAG) to Indian Scouts and Guides Fellowship. The 21st world conference dropped the word 'former' from the name. Actually a Scout or Guide never becomes former. There is a famous saying 'Once a scout always a scout'. How can a scout or guide be called former so long he or she has faith in the scout law & promise. So in our movement there is little scope for the word 'former'.

Actually ISGF is a part of the scouting/ Guiding. Many stalwart of the movement have been associated with it. The Head quarters of ISGF Organisation is housed in the National Head quarters Building of BSG.

The organisation has adopted a new name in which it is specially mentioned that it is an organisation for adults. It will clear the misunderstanding or suspicion if there is any. To bring the BSG and the ISGF further closer it has been decided that it will honour old scout & Guides.

ISGF was engaged in various community development services like establishing A to Z centres in Jamborees, distribution of book to children adoption of schools and village providing wells etc.

Reunion of Himalaya Wood Badge Holders was organised in Conference Hall at 2.30 p.m. on 6 Jan. '98. Chief guest Dr. A.N. Daw while inaugurating the reunion, expressed his feeling of thrill at the sight of the gathering of large number of highly qualified persons. Other than nostalgia recollections, it was an opportunity for exchange of experiences with others according to him.

Mrs. Saroj Lalwani, Chief Commissioner (Guides) Was an usual crisp, punctuated by humorous and meaningful anacdotes. She expressed her happiness at the large presence of Guide section, but stressed the need of friendship and cooperation among the two section. The recent concept of Role Model was very much required these days and have great educative value. According to her, India was a unique example of comradeship in establishing family values and family education, which was beautifully expressed by the couplet.

Shri K. Sukumaran DD(S) LT informed the gathering that there were 6800 HWB(S) holders. While the HWB scarf signified dignity the beads touched the heart to remind and rethink about ones' duties and abilities. Stressing the need of quality, he informed that model HWB courses were held at NTC, Panchamarhi. There should be no compromise at any cost. The participant ought to feel like climbing Himalayas at the end of the course, he said.

Mrs. K. Alamelu expressed the need of paying more attention to Bulbul and Ranger Sections. She wished the number of HWB(S)s to double by the next Jamboree, in these sections.

Earlier Dr. Cyrus Wadia welcomed the dignitaries present in the reunion which included International Commissioner(G) Ms. Phelomina Fernandes, Dr. S. Kumar, Director and Shri D.L. Sharma, Jamboree Commandant. According to him Jamboree provided and opportunity to review the conditions together.

Dr. Wadia conducted an interesting game at the end of the programme. The large gathering was divided into forty groups and each group was required to record the message, which was divided into five coded parts. Each group was to act according to the message. The group to decode the message first was honoured by large applause and was then required to lead the gathering in a song. The gathering sang 'This little light of mine'.

Mrs. J. Joustan was happy that all really became children. She pointed that just as Himalayas was a source of inspiration to great many saints, the HWB holder to be a source of inspiration to others. An HWB holder needs to place himself in place of boys/girls and then plan nicely. She also pointed to the exemplary, devotion of Dr. Wadia to the movement. The assembly ended with a vote of thanks to the dignitaries.

CELEBRATION OF STATE DAYS

Almost all the contingents taking part in the Jamboree celebrate their State Days. It is a regular feature. Within a short span of a week or so, all the major states organise this event. As a result the contingent leaders or senior officials have to attend a number of State Days daily. Traditional welcome is accorded to guests. Besides a few speeches there is a cultural programme which generally reflects the culture of the state. Items were well selected and well rehearsed. Traditional cultural and folk dances, songs, band displays, etc.

VALEDICTORY FUNCTION AND GRAND CAMPFIRE

Minister Shri Suresh kumar Routray and Sri S.M. Mishra, the Chief Secretary of Govt. of

Orissa lighted the grand camp fire, Mr. Yosada and Smt. Manorama Mohapatra was the Guest of Honour along with the National Commissioner, Sri L.M.Jain and Smt Meera Biswal, the Chief Guest of the Valedictory function and Sri Amar Nath Pradhan, Minister Govt. of Orissa, gave away prizes and momentous to all the continents and office leaders. To

K. P. Mishra

State Chief Commissioner, Orissa The Bharat Scouts & Guides

Hon'ble Commissioner Mr. Mishra

I can hardly find words to express my thanks and appreciation for the memorable experience which I gathered during the 3rd SAARC & 13th National Jamboree of Bharat Scouts & Guides of January 1998.

Under the blue winter skies of Orissa surrounded by the bountiful forestry, mountains and streams lending a picturesque charms, 30 thousand scouts and guides and members of the family under one banner. It was a unique and unforgettable experience for me. It created an atmosphere of love, peace, and Co-operation enlivened by fun and shared joy, which will be remembered over the days of our lives.

It is remarkable to note how a barren pitches of land in Khurdha district turn into a beautiful oasis with the touch of love and blessings of the Scouts & Guides, The Jamboree city will be remembered for ever.

This union made my heart glow with love and my life open dearer to the cause of Scouts & Guides. I will ever thank you for putting up your patronage and spirit & involvement in this good work which made possible this unique event. I also thank you for inviting me to share this great experience of Jamboree 1998.

Dear Shri Mishra

I convey my heartiest thanks for sending a very nice attractive Moments of Orissa Silver Filigree Work. I was present during the Valedictory function, but I had to leave before the Prize Distribution Ceremony because of pre-occupation.

Heartiest congratulation to you and your team in Orissa State Bharat Scouts & Guides for organising and hosting the 3rd SAARC/13th National Jamboree in such excellent manner. The venue of the Jamboree was unique. It reminded me of the 7th all Indian Railway Jamboree held at Viskhapatnam last year.

The tent layout was well planned with Exotic Stadium at the heart of the Jamboree Village. The Physical arrangement too was better than other Jamboree, though a little more planning on allotment of sub-camp could have diminished the distance between scouts & Guides of a particular State.

The huge decorated gates and the engrance road with flower decoration brought festive look to the occasion. I am confident that each and every participant, guests and dignitaries enjoyed this great gathering of Scouts & Guides. The enthusiastic participation by all the States brought more life to Jamboree and made it more colourful.

The programme, activities and competitions were very attractive. A little better coordination minute to minute programme and address rehearsal could have made it much better. I feel, we should give some Prize/Shields to 2nd & 3rd overall position holder separately for Scouts & Guides, just to encourage them more and to develop competitive spirit.

The other facilities provided in the Jamboree was excellent. State Government of Orissa is to be complemented for all the help extended by them and State Exhibition organised, which was very well attended and appreciated.

On the over all performance, the Jamboree was a great grand success and for this all the credit goes to you and your team. Inspite of your illness, you were a constant source of inspiration to your team in the spirit of Bharat Scouts & Guides.

Thanking you
Yours in Scouting,

FROM JAMBOREE TO JAMBOREE

Dr. S. Kumar

*Director,
The Bharat Scouts & Guides.*

Introduction :

It hardly needs any emphasis that Jamboree is a grand event in the life of a Scout and Guide. Many people, who are not much conversant with the World of Scouting/Guiding, ask : " What is the Jamboree about ?" A Jamboree is an international or a National gathering of Guides and Scouts who assemble in their thousands in one place and live together as one big happy family for 4-5 days. It is here that old friendships are revived and new ones are built up. It is also a unique place where most of the joyful and adventurous activities of cognitive, conative and affective nature take place. Jamborees are held at the World Level and country level.

Jamborees during pre-independence era :

Although the first All India National Jamboree of the Bharat Scouts & Guides was held in 1953, the history of the Jamboree in India is older than that. It is due to the simple fact the Scouting/Guiding was in existence in India prior to the formation of the Bharat Scouts & Guides as a result of merger of the various Scout Associations in 1950 and that of Guide Associations in 1951.

The first All-India Jamboree was held in 1927 in an open Maidan of Worli in Bombay. This place is even now popularly known as the Jamboree Maidan. Dr. (Mrs.) Annie Besant was the moving spirit behind this Jamboree. The next All India Jamboree was held in Delhi in 1937. The star attraction of this Jamboree was Lord Baden Powell-the founder of the Movement. The then Viceroy of India inaugurated the Jamboree. Evidently, the Jamborees were held very enthusiastically during the pre-independence period. But the Jamborees have been a regular triennial affair after the Bharat Scouts & Guides came into existence on November 7, 1950. A brief account of each Jamboree is given below.

First All India Jamboree (1953) at Secunderabad :

As stated earlier the one unified and national organisation of boys and girls came into existence during the post-independence era. The first All India National Jamboree of the Bharat Scouts & Guides was held in 1953 at Secunderabad on the spacious lawns of the Race Course where nearly 6000 Scouts and Guides assembled. The Late Pandit Shri Ram Bajpai was the moving spirit in having. It organised with the assistance of the Andhra Pradesh State Bharat Scouts & Guides. The opening ceremony was performed by the Late Pandit Jawaharlal Nehru, who was so much loved by the children, on 27th December 1953. It was all gaiety during the Jamboree and the Scouts and Guides were busy in various types of competitions and adventures.

Second All India Jamboree (1956) at Jaipur :

Over 11,000 Scouts & Guides gathered together at the rose pink city (Jaipur) of India under canvas in a huge camp extending over two and a half square miles at Bani Park. There were several sub-camps named after great leaders, such as Malaviya Nagar, Baden Powell Nagar, Gandhi Nagar, Bajpai Nagar, Annie Besant Nagar and Sarojini Nagar. The Jamboree was inaugurated by the Governor of Rajasthan, Sardar Gurmukh Nihal Singh on 27th December. All the Scouts and Guides marched through the main streets of Jaipur. Dr. Kailash Nath Katju, the then Union Defence Minister, addressed the closing ceremony. Several competitions took place on all the days. The participants carried sweet memories with them.

Third All India Jamboree (1960) at Bangalore :

The third Jamboree was held in the heart of the city, The venue was known as Sadasiva Nagar but the place was named 'Bapuji Nagar'. Fifteen different states with about 11,000 participants took part in this

Jamboree. Apart from the host contingent Maharashtra contingent was the biggest with 900 Scouts and Guides. Bapuji Nagar was spread over 300 acres of land, studded with fruit trees and plants. The roads were named after great leaders of the movement. The Maharaja of Mysore inaugurated the Jamboree on 27th December at 4.30 p.m. Lady Baden Powell, Chief Guide of the World, graced the opening ceremony with her presence. It may be mentioned that the first Scout Troop in India was started in Bangalore during the first decade of the century. The Scouts and Guides tried to understand each other and were helpful to each other. Punjab State was declared to be the best in Inter State visits. Lady Baden Powell addressed the conference of Commissioners and Scouters/Guiders. The closing ceremony took place on 31st December.

Fourth All India Jamboree (1964) Allahabad :

About 12,000 participants came to this Jamboree. The Jamboree was divided into two wings, viz, Anand Nagar (Scout wing) with 8 Sub Camps and Shakti Nagar (Guide wing) with 4 sub camps. The then Chief Minister of Uttar Pradesh, Mrs. Sucheta Kriplani Inaugurated the Jamboree on 27th December.

There was a big tower in the arena to control the crowd and to conduct all activities in the arena. और मस्तिक का उपयोग करना सिखाती है। इस तरह बाल एवं बालिका का सर्वांगीण विकास होता है।

दुसरी की सेवा करना :

संसार भर के स्काउट-गाइडों को प्रतिदिन कम से कम एक भलाई का कार्य करने की प्रेरणा दी जाती है। दुसरी की सेवा करने का यह सबसे सहज रास्ता है। विश्व में फैली हुई सबसे बड़ी बुराई यदि कोई है तो वह है स्वार्थ। स्काउटिंग-गाइडिंग के प्रशिक्षण से स्काउट में स्वार्थ की गलत भावना समाप्त कर सुसरो की सहायता तथा सेवा की भावना पैदा की जाती है।

यहां ध्यान देने योग्य बात यह है कि स्काउटिंग में इस तरह का प्रशिक्षण दिया जाता है, जिससे बालक सुसरो की सेवा या सहायता करने के योग्य बन जाता है।

स्काउट-गाइड प्रोजेक्टों के समय सदा सुदूर की सेवा करने की समय लेता है। स्काउट प्राणी मात्र से प्यार करता है। उससे परोपकार की नींव प्रारम्भ से ही डाली जाती है।

स्काउट-गाइड प्रतिदिन अपनी ईश्वर प्रार्थना करते हुए कहते हैं-

“हमारा धर्म हो सेवा,
हमारा कर्म हो सेवा।
सदा ईमान हो सेवा,

व सेवक बनना देना ॥”

हमारे समाज में कितने ही व्यक्ति ऐसे हैं, जिन्हें सहायता की आवश्यकता है। हित, उपेक्षित एवं प्रतारित व्यक्ति की सेवा करना ईश्वर की सेवा है। हर स्काउट-गाइड यह जानता है। स्काउट के सकल कर्म सुसरो का भार उठाने में पूरी तरह सक्षम है। मुस्कुराहट से भरा चेहरा तथा सद्व्यवहार एवं सहायता के लिए, उठा हुआ हाथ निरर्थक है। यह कार्य किसी के भी जीवन को सुखद बना सकता है, चाहे वह बालक हो या वृद्ध। जिस व्यक्ति को मदद की जरूरत है, उसकी सहायता करके स्काउट-गाइड इस तरह की प्रसन्नता से भरा बनाने में प्रयत्नशील रहते हैं। बदले में स्काउट कुछ नहीं चाहता यही विशेषता है उनकी।

स्काउट-गाइड सेवा कार्य सर्वप्रथम घर से प्रारम्भ करता है। माता-पिता, भाई-बहन की सेवा करता है। घर के दैनिक कार्यों में माता-पिता की मदद करना स्काउट-गाइड का कर्तव्य है। छोटे भाई-महनों की पढ़ाई, उनके अन्य कार्यों में मदद करना

उनका कर्तव्य है। घर के बाहर विद्यालय में सेवा कार्य किया जाता है। मोहल्ला तथा नगर-ग्राम में सेवा तथा सुसरो की सहायता की जाती है। देश सेवा तो इन सभी से सर्वोपरि है। स्काउट-गाइड राष्ट्र सेवा करने के लिए स्वयं को बिना कहे प्रस्तुत करता है। हो सकता है इस प्रयास में कहीं-कहीं उत्साह का अभाव देखने की मिले परन्तु स्काउट हिम्मत नहीं हारता। सेवा के अवसर ढुंढता रहता है।

स्काउटिंग के संस्थापक लॉर्ड बेडेन पावेल ने स विषय पर उषने उद्गार इस प्रकार प्रकट किए हैं :

मेरा विश्वास है कि ईश्वर से हमारा तात्पर्य है दुसरो की सेवा करना और दुसरो की प्रसन्नता प्रदान करना। मदद करने के लिए, प्रतीक्षा नहीं करनी चाहिए। दिन-रात में अनेकों अवसर सेवा करने के आते हैं। घर में, टोली में, दल में, स्क्वैड में और सड़क पर सेवा दिल से करनी चाहिए।

स्काउट-गाइड अपंग बालकों की अपना मित्र बनाकर और स्काउट बनाकर परोपकार कर सकते हैं। इस तरह अपंग बालक स्वयं को उपेक्षित अनुभव नहीं करेंगे। कुछ स्काउट प्रयोग खिर गए डाक टिकटों का पूरे ताल संग्रह करते हैं। जिन्हें नेशनल हाइरेक्टर के माध्यम से विश्व स्काउट संघ को भेज दिया जाता है, जहां इन्हें बेचकर धन एकत्रित किया जाता है, जिनका उपयोग निर्धन स्काउटों-गाइडों की वर्दी प्रदान कर किया जाता है। नेत्रहीन स्काउटों को .. लिपि में साहित्य प्रदान किया जाता है।

सामुदायिक विकास में सहयोग प्रदान करते हेतु स्काउट-गाइड अपनी सेवाएं प्रदान करते हैं। जिससे समुदाय, समाज तथा राष्ट्रीय स्तर उठाया जा सकता है।

स्काउट-गाइड केवल उतने ही सेवा के अकसर तुलाते हैं, जितने वे संतोषपूर्ण ढंग से पूर्ण कर लेते हैं। ए;से बहुत से व्यक्ति समाज में देखने को मिलते हैं, जो नाम अथवा दिखावा करने के लिए सेवा करने के लिए आगे आते हैं और कुछ समय पश्चात् सेवा कार्य विच में ही छोड़ देते हैं। परन्तु स्काउट ठीक इसके विपरीत निस्वार्थ भाव से परोपकार करते हैं। अधिकतर स्काउट सेवा कार्य दल अथवा समूह में रहकर करते हैं।

स्काउट-गाइड दुसरो की सेवा के लिए दिन-रात २४ घण्टे, सप्ताह के सातों दिन और साल के ३२ सप्ताह तैयार रहते हैं। वे आपने रूमाल की गांठ तभी खींचते हैं जब कम-से-कम एक

भलाई का काम अवश्य कर लेते हैं।

इस बालक-बालिकाओं, युवक और युवतियों की प्रशिक्षित किया जाता है ता कि वे उपयोगी नागरिक बनें और उनका चतुर्मुखी विकास हो।

स्काउट क्या है ?

स्काउट शब्द मुलतः सेवा में प्रयुक्त होता है। सेना में स्काउट दल शत्रु का भेद निकालकर महत्वपूर्ण सूचना एकत्रित करता है जो सेना के लिए उपयोगी होती है। सेना का स्काउट आगे-आगे चलता है। वह शत्रु की सभी गतिविधियां स्वयं तो देखता है परन्तु शत्रु उसे नहीं देख पाता है। वह शत्रु की बातें स्वयं तो सुन लेता है परन्तु शत्रु नकी आवाज नहीं सुन पाता। वह शत्रु का पिछा करता है परन्तु उसका पीछा कोई नहीं कर पाता। ये उदान्त गुण सैनिक स्काउट में होते हैं।

लाई वेडेन पावेल के ने बापली ले लिए स्काउटिंग को जन्म दिया। इस योजना के आधार पर बालकों की आत्मनिर्भर बनाकर उनका सर्वतोन्मुखी विकास करता प्रारम्भ हुआ। उच्च परम्पराएं स्थापित करते हुए आज १५० से अधिक देशों में लगभग १६ करोड़ स्काउट तथा १ करोड़ गात्रड इस महान् आंदोलन के सदस्य हैं। यह कहना उपयुक्त होगा कि बालक-बालिकाओं का यह संगठन विश्व में सबसे बड़ा है।

स्काउट का सिद्धान्त 'सदा तैयार रहो' है। हर प्रकार के शंकट का सामना करने के लिए वे तैयार रहते हैं। वे समाज के श्रेष्ठ और उपयोगी नागरिक हैं। वे साहसी हैं। जो .. में हाथ डालना उनका शौक है पर वे आपनी सुझबुझ एवं दक्षता के आधार पर जोखिम की गति को भी धीमा कर लेते हैं। आकाश हो या समुद्र की उफनती लहरे, पर्वत हों या घने जंगल, स्काउट अपना रास्ता खोज ही लेता है। वे निर्भिक होते हैं और कठिनाइयों पर विजय प्राप्त करने के लिए सदा तैयार रहते हैं।

स्काउटिंग खेल है जो स्कूल की चारदीवारी के दूर प्रकृति की गोद में खेला जाता है। स्काउट खेल भी अपने नियम से और अनुशासन से खेलते हैं। खेल के नियम स्काउट प्रतिज्ञा, सिद्धान्त एवं स्काउट नियम में निहित हैं। स्काउटिंग जीवन की कला है। स्काउट विश्वबंधुत्व का आंदोलन है। जापान हो या

अस्ट्रेलिया, अमरीका ही या भारत, आफ्रीका हो या श्रीलंका हर देश का स्काउट एक दुसरे का भाई होता है। चाहें वह किसी भी जाति या धर्म का हो। भाईचारे का सूर्य समस्त संसार में स्काउट आन्दोलन ही चमका रहा है। सस आन्दोलन के सदस्य अन्तराष्ट्रीय एकता एवं सद्भावना का झण्डा फहराने में महत्वपूर्ण भूमिका निभा रहे हैं। वे अपनी भाई वहनोह के साथ भी मैत्री और सहयोग की भावना से कार्य करते हैं।

स्काउट-गात्रड जानते हैं कि जीवन आनन्दपूर्वक कैसे जिया जाता है। जंगल में पेड़ों पर मचान बनाकर रहतना, पथरों पर तोना, पुल बनाकर नदी पार करना और बिना वर्तनों के भोजन बनाना तो स्काउटों का खेल है।

स्काउट-गाईड रात के अन्धेरे में भी तारों की सहायता से रास्ता खोज लेते हैं। नदी के उस पार स्काउट से सिगनालिग के माध्यम से वाचीत की जा सकती है। स्काउट का पहड़, पक्षी, वनस्पति और जानवरों से सम्पर्क होता है। वह उनकी उपयोगिता समझता है। हिंसक पशु तथा जहरीले कीड़ों से वचना उसे आता है।

पत्थर रगश्रकर वह आग पैदा कर लेता है। वह आग में फसे बालक को बचा सकता है। उफनती नदी में डुबते बच्चों की तैरकर बचा सकता है। वह सदा मीठा बोलता है। व्यवहार भी उनका मृदु होता है।

सड़क पर दुर्घटनाग्रस्त व्यक्ति को वह प्रार्थक सहायता पहुंचाकर प्राणदान दे सकता है। वह सदा सुन्दर भविष्य की कामना करता है। विश्व शान्ति के लिए स्काउट-गात्रड आन्दोलन के सदस्य एक अत्यन्त महत्वपूर्ण योगदान दे रहे हैं।

स्काउट-गाईड भावना :

स्काउट-गाईड भावना है "जियो और जीने दो"। सभी को सुखी देखो और स्वयं भी आनन्दमय जीवन उपभोग करो।

The Power of Truth

The Story of Bindumati

Taken from "Milindapahna" or "The questions of King Milinda"

Lo : Behold the Emperor, Ashoka the great,
 Standing by the Ganges in spate,
 And behind him all his able Ministers,
 Generals and officers of the State (1)

Gazing in wonder, at the mighty river
 Observing her powerful flow
 Queth His Majesty, addressing the Ministers,
 "I would very much like to know (2)

If there be a power in heaven or earth
 Could change the course of the river,
 And make her flow reverse, upstream
 Said all "Never, Your Highness, never !" (3)

There dwelt in the city of Pataliputra
 a famous lady of leisure,
 Bindumati by name, who heard of it
 And proclaimed her word of honour. (4)

"Here, I stand, a woman, lowly born
 With a mean profession forsooth.
 But let our mighty Emperor behold
 The power of my Act of Truth ! (5)

In all conscience and for all purposes
 I might have transgressed the law
 And well might be wicked, corrupt, vicious
 And with many another flaw (6)

But still have I in my possession
 An "Act of Truth" - only one
 That, if I deign to utilise, can
 The earth and Heaven overturn ! (7)

Now, hark ! Thee ! The Almighty greater !
 The Sun, the Sky, The Ganges !

I serve all my customers exactly alike
 Just for the money they possess. (8)
 Since the very day I've taken to my trade
 Never for once did I waver
 From my principle of impartial dealing
 To grant any one a favour (9)

Be he a graceful, handsome youth
 Or a man of strength and valour
 Or a man at top the mountain of wealth
 Or one with fame and honour (10)

Nor a man of low caste or birth
 Or one hideous to behold
 Or even a fool with a donkey's wits
 Or one shrivelled and old (11)

Or one weak in health, deformed diseased
 Or whoever you may please
 Did I ever dishonour or show disfavour
 Or did, for once, despise (12)

Whoever could pay me the appointed sum,
 Whosoever was its owner,
 Became, for me my master for the night
 Him did my service I offer (13)

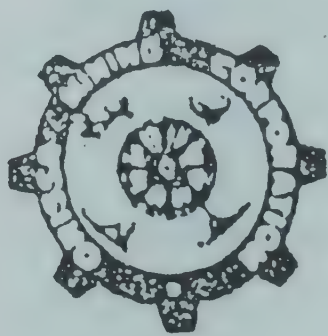

Now, if this sacred utterance of mine be true
 In thought, word and deed
 May the mighty mother, Ganges flow up stream
 And, Oh miracles ! Lo ! She did ! (14)

Thus could the amazing power of an Act of Truth
 made by a lady of leisure
 Perform much an inconceivable miracle
 Reverse the course of the river ! (15)

Stealing Electricity is a crime

Help us prevent it.

Suddenly, the lights go out. You're plunged into darkness. Everything you're doing comes to a stop. You become very angry with the "Electric Supply"! Wrong! It's probably your friendly neighbourhood power-thief at work, hooking & tapping power illegally. You

Suffer. But why should you. You can help us control power-theft by spotting & reporting cases of hooking & tapping wherever you may see it. Offenders will be punished. And you won't have to go without electricity.

PARASAILING NEW VENTURE IN JAMBOREE 1998

SATYAJIT BHUYAN, Assam

An excellent aero sport, parasailing is one of the cheapest and the safest of all. Aero sport permit man to fly through the air. The thrill of conquering an element, totally foreign to what we human beings are normally used to, is unbeatable. Powered flying, Gliding, Hanggliding, Parachuting, etc. belong to the 'family' of parasailing.

Unlike other aerial sports including powered flying, hangliding or gliding, where once you are off the ground, the sportsman is on his own; but in parasailing, the take off flight and descent of the sportsman can be controlled from the ground. It is economic and safer than the other aero sports.

The equipment used for this sport comprises of

- The ascending parachute or parasail canopy.
- The harness.
- The tow rope.
- The yoke.
- The prime mover (jeep or motor launch)

The parasail is an ascending or lifting parachute which may be towed aloft much in the same way as a kite. As a speed increases, the wind passing through the air slots in the canopy increases in strength and raises the canopy along with the sportsman. The height of the parasailist may be controlled by controlling the speed of the vehicle.

The parasailist will normally descend in the same position and reverse manner of going aloft. His rate of descend will decrease as he nears the grounds, if properly controlled by vehicle speed.

At the backyard of Sub Camp No.10, was organised the popular parasailing base. Thousands of Scouts and Guides were seen lining of the queue to participate in this grand yet rare event. This the first occasion in the Jamboree that such an event have been included. ROVERING/RANGERING-A YOUTH DEVELOPING PROGRAMME

Mrs. Namita Pattanaik, ALT(R), Jt. SOC (H) Orissa.

Scouting is an educational movement. It contributes to the total development of the youth. To make him a full fledged personality scouting provides various opportunity. Besides academic career a youth needs some co-curricular activities. These co-curricular activities must be interesting, methodological, progressive & self educative. These must give a way of life.

The scout movement is designed to prepare young people to cope with life and make a contribution to the society.

In this global world the main working force is the youth. If they will be developed systematically, then the economy will get some human capital. The world is facing with the problem like hunger, population explosion, massive unemployment. Every body wants peace. To reduce these problems, the only effective method is to make this youth force more capable. This can be done by giving them some task. Before that they should be make aware about their capabilities; guided by the elders in a right way.

The young people of all ages form certain segment of the society. They are having dynamic needs. Their aspiration are changing patern.

Rovering is one of such type of programme for the challenging youth groups. It provides progressive, advancing interesting & thrilling programmes to the youth of age group 15 to 25 year. The same programme for the girls of these age group is called Ranging.

The senior branch of scouting & guilding is called Rovering & Ranging respectively. As per their needs they are providing with many programmes. The progressive training includes two fold method i.e. self training and training to serve the society. Self training make him capable to face the challenges of the world. For this the movement provides a number of activities to develop his four pillars of the life i.e. character, Health, Handicraft & Service.

The training which required to render service to the community includes first aid, civil defence, disaster management, home nursing, improvised shelter, bridge, rope craft and many more.

They passed on through very specific developmental steps like establishing values, socialising, co-operating, decisions making & autonomy towards the family. Rovering or Ranging is a challenge for the youth group to develop themselves and there by help the society to achieve economic and social objectives.

To make a better world of understanding they take-up programmes to motivate the society how to deal with the burning problem like family welfare, public property protection, preservation of greenery. Leprosy control, Sanitation Promotion, ORT Programme. Immunisation soil conservation. Aids awareness. Their training always aims at National Priority programme. They have been provided with vocational training to stand by their own.

The main idea behind thus programme is to minimum utilisation of their leisure hours in more concrete & developmental activities rather than giving them chance to sit idle & choosing or different non-productive way of life.

At the age of 6 to 10 years or boy/girl is given training in Cubbing where he is capable of self expression. At the age of 10 to 15 years the boys or girls develop a team spirit, leadership quality to some degree of self-control, Co-operation, comradeship. At the age of 15 to 25 years the activities are to incorporate the older youth into adult society exercising the practice of the principle.

The Rovering or Ranging Programme is not simply activities but it contains the element of education, method, structure and style.

The programme will be success one if the religious faith to which one already belongs is fully, safeguard. Religion is the ultimate basis of the scout training, Religion is a way of life, a continuous attitude towards God in all little matters of every day occurrence.

So duty to God is a fundamental obligation laid an every member of the movement. Once a young people realise the existence of that super power, then he will rely on the unknown force for guiding him to move in the right course.

In 1921, when the
Mahatma promised Swaraj,
he also saw in us a Bank of promise.

And we've proved him right!
